

Air Marshal Sohail Gul Khan, Chairman PAC, Kamra and Mr Muharrem DORTKASLI, President and CEO of Turkish Aerospace Industry during ceremony at International Defence Exhibition & Fair at Istanbul, Turkey (13-05-2013)

PAKISTAN AERONAUTICAL COMPLEX KAMRA DELIVERS FIRST BATCH OF TURKISH UAV PARTS TO TURKISH AEROSPACE INDUSTRY

ISTANBUL, 13 MAY 2013 Pakistan Aeronautical Complex, Kamra handed over first batch of Turkish UAV (ANKA) parts to Turkish Aerospace Industry (TAI) in an impressive ceremony held during International Defence Exhibition & Fair (IDEF) at Istanbul, Turkey. After the signing ceremony, Mr Muharrem DORTKASLI, President and CEO of TAI expressed his satisfaction on the skill and knowledge possessed by PAC, Kamra for undertaking such assignments. He further expressed that many more collaborations would be undertaken in the future as well. While talking to media, Air Marshal Sohail Gul Khan, Chairman PAC, Kamra paid his gratitude to TAI for paving PAC's way to enter into a new domain of commercialization. He further said that it was the first step towards building up close cooperation in the field of aviation which will open the doors of further collaboration between the aviation industries of Turkey and Pakistan. The ceremony was attended by Lt General (Retd) Shahid Iqbal, Secretary Defence Production Division and high ranking officials from Turkey. PAC Kamra has been exploring the different venues in aviation industry and affiliated production facilities and stands shoulder to shoulder with other advanced aviation industries of the World.
