PAF's JF-17 THUNDER ARRIVED TO PARTICIPATE IN PARIS AIR SHOW – 2015

ISLAMABAD 11 JUNE, 2015:- Three JF-17 Thunder aircraft along with pilots, technicians and engineers of Pakistan Air Force arrived at Le Bourget, Paris to participate in the International Paris Air Show – 2015, today. The 51st Air Show organized by French Aerospace Industries Association will start on 15 June, 2015 at the Le Bourget Parc des Expositions and would continue till 21 June, 2015. One PAF JF-17 aircraft would perform flying display on all the show days, while another would be put on static display showing the latest weapons. The spectacular JF-17 aerial display is considered to be the major attraction of the show and would provide an excellent opportunity to showcase its cutting edge capabilities and would also allow potential customers to assess its immense potential.

The Air Show would bring together 2215 exhibitors from 44 countries of the world and Pakistan Air Force is one of the proud participants. It is pertinent to mention that 150 aircraft representing major aviation industries would participate in the show. The first four days of the show will be reserved for trade visitors, followed by three days open to the general public.
