SUPER MUSHSHAK THRILLS THE CROWD AT DUBAI AIR SHOW

ISLAMABAD 12 NOVEMBER, 2015: The Pakistan made Super Mushshak aircraft took off to the skies to perform aerobatics at the Dubai Air Show in the presence of

international media and public. The crowd was thrilled by the aerobatic performance, maneuverability and stability of the indigenously developed light aircraft. The spectators appreciated the performance of PAF aerobatics team and gave them a thunderous applause.

Pakistan Aeronautical Complex (PAC) contingent, led by Air Marshal Javaid Ahmed, Chairman PAC, is in Dubai Air Show to present aviation related products and services of PAC Kamra, which are accredited with International Standards. During the Air Show, numerous countries showed interest in JF-17 Thunder and Super Mushshak aircraft. Many air forces are evaluating the Super Mushshak aircraft for induction as a Primary Flight Trainer aircraft.
